Product Description

HDG Coated Scaffolding Climbing Ladders Heavy-Duty Step Extension Ladder

Product Description:

Scaffolding Ladders – The Perfect Solution for Safe and Efficient Construction Work

If you work in the construction industry, you know how important it is to have the right equipment to get the job done efficiently and safely. That's why we are proud to introduce our Scaffolding Ladders – the perfect solution for all your scaffolding needs.

Our Scaffolding Ladders are designed to provide you with a lightweight, durable, and versatile option for all your construction projects. Made from high-quality aluminum or hot-dip galvanized (HDG) steel, these ladders are built to last and can withstand a load capacity of up to 150kg.

Product Features

Material: Our Scaffolding Ladders are available in both aluminum and HDG steel, giving you the option to choose the material that best suits your needs.

Color: The ladders come in a sleek silver color, making them easily visible on the job site.

Surface Treatment: The HDG steel option is coated with a special surface treatment to provide additional protection against corrosion and wear, ensuring a longer lifespan for your ladder.

Load Capacity: With a load capacity of 150kg, our Scaffolding Ladders are suitable for a variety of construction tasks and can support multiple workers and heavy equipment.

Warranty: We stand behind the quality of our products and offer a 2-year warranty on all our Scaffolding Ladders.

Why Choose Our Scaffolding Ladders?

Easy to Assemble: Our Scaffolding Ladders come with simple instructions and are easy to assemble, saving you time and effort on the job site.

Adjustable: The ladders are designed with adjustable height options to meet your specific construction needs, providing you with maximum flexibility.

Versatile: Our Scaffolding Ladders can be used for a wide range of construction tasks, including painting, repair work, and building maintenance.

Safety: The ladders are equipped with safety features such as non-slip rungs and sturdy base plates to ensure the safety of workers at all times.

Conclusion

In conclusion, our Scaffolding Ladders are the perfect choice for any construction project. With their lightweight, durable, and versatile design, they offer a safe and efficient solution for all your scaffolding needs. So why wait? Get your Scaffolding Ladders today and experience the convenience and reliability they offer!

Applications:

Scaffolding Ladders - bythai BM224

Looking for a high-quality and reliable scaffolding ladder? Look no further than bythai BM224! Made from durable aluminum and designed for easy use, our Scaffolding Step Ladders are perfect for a variety of applications.

Brand Name: bythai

Our brand, bythai, is known for its commitment to quality and innovation. We take pride in providing our customers with top-of-the-line products that are built to last.

Model Number: BM224

The BM224 model is one of our best-selling Scaffolding Ladders. Its lightweight design and adjustable features make it a versatile choice for any job.

Place of Origin: China Tianjin

All of our Scaffolding Ladders are manufactured in China Tianjin, a city known for its high-quality production and skilled labor.
Minimum Order Quantity: 1000

We require a minimum order quantity of 1000 units to ensure efficient production and delivery. However, we are always open to discuss smaller orders with our clients.

Packaging Details: Container

For large orders, we package our Scaffolding Ladders in containers to ensure safe and secure transportation. This also helps with organization and easy handling upon arrival.

Delivery Time: 10-25 Days

Our delivery time varies depending on the size of the order and the location of the customer. However, we strive to deliver our products within 10-25 days, ensuring timely and efficient service.

Warranty: 2 Years

We stand by the quality of our products and offer a 2-year warranty on all of our Scaffolding Ladders. This gives our customers peace of mind and confidence in their purchase.

Surface Treatment: HDG

All of our Scaffolding Ladders undergo a hot-dipped galvanization (HDG) process, making them resistant to corrosion and ensuring a longer lifespan.

Size: 3m

The BM224 model has a size of 3m, making it suitable for a variety of tasks. Its compact size also allows for easy storage and transportation.

Color: Silver

The BM224 model comes in a sleek silver color, giving it a professional and modern look.

Step Width: 50cm

The step width of our Scaffolding Ladders is 50cm, providing a stable and comfortable platform for users to work on.

Perfect for a Variety of Applications

Our Scaffolding Step Ladders are designed to be multi-purpose, making them suitable for a wide range of applications. Whether it's for construction, maintenance, or any other task that requires working at height, our ladders with hook are the perfect choice.

Lightweight, Durable, and Easy to Use

Our Scaffolding Ladders are made from lightweight aluminum, making them easy to carry and maneuver. Despite their light weight, they are also incredibly durable and can withstand heavy use. Additionally, they are designed for easy use, with features such as adjustable height and non-slip steps.

Invest in Quality - Invest in bythai BM224

Don't settle for subpar scaffolding ladders. Invest in the best with bythai BM224. Our commitment to quality, durability, and ease of use makes us the top choice for customers looking for a reliable and versatile ladder. Contact us today to place your order!

Packing and Shipping:

Scaffolding Ladders Packaging and Shipping

Our Scaffolding Ladders are carefully packaged and shipped to ensure safe delivery to our customers. Each ladder is individually wrapped in protective materials to prevent any damage during transportation.

Packaging

Our Scaffolding Ladders are packaged in sturdy cardboard boxes to provide maximum protection during shipping. Each box is labeled with the product name, size, and weight for easy identification. The boxes are also sealed with strong adhesive tape to prevent any tampering during transit.

Shipping

We offer both domestic and international shipping for our Scaffolding Ladders. For domestic orders, we use reliable and efficient courier services to ensure prompt delivery within the specified timeframe. For international orders, we work with trusted shipping partners to ensure safe and timely delivery to our customers around the world.

Our shipping team carefully handles each package to ensure that it is loaded and secured properly for transportation. We also provide tracking information for all orders so customers can track their shipment's progress.

At Scaffolding Ladders, we take great care in packaging and shipping our products to ensure that they reach our customers in perfect condition.
